

ALEX STEPHENS

CONGRATULATIONS TO ALEX STEPHENS AS THIS WEEK'S FRIDAY FEATURE

Alex was hired back in October of 2017 through the MTSU Internship Program. She is an upcoming Senior at MTSU with a major in Marketing. Alex has been a wonderful addition to the WOTC Department and also assists the Claims Department which allows her to cross train and expand her knowledge base. We further have worked with her professor at MTSU to ensure that she obtains the proper course credit hours to complete the hours required for her Internship. We continue to work with MTSU for their Internship Program and more information can be found on their Career Link Page.

Many of you will remember Alex from the recent Thomas & Company staff photo-shoot for updating both the T&C ID security measures, and a client facing staff directory. Alex's interest and knowledge in the marketing profession has provided a huge support for our own marketing efforts and project bandwidth. Her willingness, enthusiasm, hard work and problem solving skills are just a few of the reasons Alex is being recognized in this week's Friday Feature.

As part of her initiative she has worked with a Marketing Professor at MTSU in regards to our most recent community outreach service of Raider's Closet. You may have seen the most recent email in regards to Raider' Closet, which is a charity for students to find suits, shoes, dress shirts, blouses, and other business attire for free. This helps the students be more prepared for upcoming job interviews and allows them to have a sense of pride when representing their school. If you are interested in donating to this cause, please see the drop off areas in your office space.

Alex's career development objective is to be a "trustworthy employee focused on honoring company ethics and promoting a joyful environment", which she certainly lives up to in her daily work.

Special Thanks to Page Wiseman for the nomination and contribution to recognizing Alex as Thomas & Company's Friday Feature.
