COMMUNITY COFFEE - COMING SOON!

In addition to the new paid holidays and the espresso bar in a couple weeks, we listened to your feedback regarding our visit from Community Coffee, a long tenured and family owned Nashville business. Beginning next month, Community Coffee will be our new provider of premium coffees and teas.

"The coffee taste great! Thank you for letting Community come in today!"

"Thanks for inviting the vendors in! I enjoyed the Breakfast Blend. It was really smooth and you can actually taste the coffee. Not too overwhelming. Both were great, but my favorite is the Breakfast Blend."

"I like the taste of the coffee! It's better than what we have, and they have different seasonal flavors as well!"

"I really enjoyed the coffee from Community Coffee. The breakfast blend was very good. I appreciate that you wanted individual and department participation for the coffee service."

"I tried the Private Reserve blend that they had this morning in the upstairs break room. It was awesome! I think it was the Breakfast Blend Supreme. Hope you guys decide to go with them."

"I really enjoyed the coffee. It wasn't too strong, nor bitter it was just right."
