

# LLOYD LAYNE

## ALWAYS IMPROVING

Lloyd joined T&C in May of 2016 as a Data Analyst. Since his arrival, he has shown a commitment to excellence and accuracy, and strives regularly to make our data processes as streamlined as possible. He carries extensive knowledge from over a decade in IT at Stewart Title, and ensures we are always improving.

Lloyd's talent compliments our Data Team's existing skill set, and allows us to continue to improve our internal processes. You can always count on Lloyd to help with any issue. If he does not know the answer, he will go the extra mile to research a solution. Lloyd commutes from Murfreesboro, where he lives with his wife and 2 young boys.

### 3 FUN FACTS ABOUT LLOYD:

---

1. HE USED TO TEACH ELEMENTARY MUSIC.
2. HE'S A STAR WARS FANATIC.  
(NO REALLY, COME CHECK OUT HIS SNOW GLOBE!)
3. HE KEEPS THE ENTIRE DATA TEAM RUNNING WITH DAILY CANDY TIME.

Please join me in congratulating Lloyd on his promotion to Manager of Data Operations & Analytics.

*Special Thanks to Kara Schiebel for the nomination and contribution to recognizing Lloyd as Thomas & Company's Friday Feature.*

**LLOYD LAYNE**

Manager of Data Operations & Analytics
