

SOLIDARITY

I'VE GOT YOUR BACK, NO MATTER WHAT

Solidarity as defined by Webster's Dictionary

A feeling of unity (as of a group or class) that produces or is based on a community of interests, objectives, and standards.

This fourth and final Core Value unites all of our values. Simply put, you cannot have one without the others. We are at our best when we work as a team to bring to life these values: Remember Who We Are, Always Improving, Own It, and Solidarity. When we bring these to life to enable success for each other and our clients, this is true Solidarity.

Just as our clients depend upon us to provide unemployment cost management, employment & wage verifications, and tax credits & incentives we too depend upon each other to provide exceptional service to our clients and our team.

We support the clients we serve by accepting their challenges as our own and working together to generate the best possible solution. We must build the relationship, so they trust we have their back, no matter what.

You are able to perform your job because you know you are not alone, you know you have a team willing to help anyway possible.

We have a commitment to serve others in order to enable our collective success.
